

Motion Lights the Way

Light **M**

A Welcome Light

Transform a dark room with a modern warm light that's motion activated to turn on just when you need it and smartly timed to fade off. Accentuate the decor with this high-impact, touchless amenity that makes your rooms more relaxing and safe for your guests.

Safely Show the Way

Walking around an unfamiliar room in the dark can be tricky, if not dangerous. Instead of fumbling to turn on the lights and potentially disturbing others, our solution makes it simple and safe to help guests navigate the room in the dark.

Modern Lighting for Modern Decor

The inviting warm glow complements decor with a dramatic accent that automatically turns on and fades off.
